

Dear Neighbor,

Like you, I have been paying electric bills to Duquesne Light Company for many years. Last year I signed up under the Electric Choice program established under law and the Public Utility Commission (PUC) and **saved a total of \$185 for the year! That's an average savings of \$15 a month!**

I still receive my monthly bill from Duquesne Light Company and I still only write one check, but the actual electricity is purchased from a different supplier. Under Electric Choice I now pay 7.19 cents per kilowatt hour instead of paying the 8.89 cents per kilowatt hour rate I had been paying for too long. I use that cost savings and extra money in my pocket for other house obligations like purchasing energy efficient light bulbs to lower my usage even further.

Even better, there are now more companies offering lower rates and some that purchase their electricity only from wind and solar sources in an effort to clean up our environment. It's your choice!

Please join us at one of the PA PowerSwitch sessions. Bring your electric bill containing your account number, and along with PUC staff, we can show you how to shop, switch and save! If you want more information go online at www.papowerswitch.com operated by the Public Utility Commission (PUC); or Office of the Pennsylvania Consumer Advocate at www.oca.state.pa.us.

You will find a free online guide that provides "apples to apples" comparisons for alternative energy suppliers in the Duquesne Light Company service area. Lower your rate and still write only one check to Duquesne Light Company as usual - but at a cost savings!

State Senator Jim Ferlo

STATE SENATOR JIM FERLO

in cooperation with the
**Public Utility Commission (PUC), Pittsburgh Community Services, Inc. / EECO
and the Kingsley Association**

Present the:

PA PowerSwitch EVENT

Friday • May 11, 2012
