**YARD SALE COMMITTEE**

Jake Pawlak

2019 was another successful year for the Highland Park Yard Sale. Nearly 150 sellers participated and despite a threat of rain in the morning, there were strong crowds throughout the neighborhood all day. Looking ahead to 2020, we'll be looking for a more central and convenient packet pick up location for sellers, considering whether to use a different mapping service for the online listing, and exploring some new advertising options to increase attendance even further.

## WEBSITE COMMITTEE

Jake Pawlak

Things have been going well with the HPCC Website since our last major overhaul in winter 2017/18. No major changes are currently planned, but we're open to any and all suggestions for improvements or new content.

## ZONING COMMITTEE

Jake Pawlak

The zoning committee continues to monitor planning and building permit applications for work planned in the neighborhood. The number of applications has gone down slightly recently after a significant uptick in activity over the past few years.

We have also been working with the Stanton Negley Pharmacy for the past few years to improve the property in exchange for an agreement on the suboxone clinic the city permitted to stay. If you walk or drive by you will see the pharmacy windows have been cleaned in the past few weeks.
